Companies & Institutions

Energy Efficiency Award 2015.

Invitation to pioneers.

How to enter the competition.

The Energy Efficiency Award 2015 is open to all companies in industry and commerce that have successfully implemented in their business energy efficiency projects. Moreover, entries from end users and the system manufacturers, planners or consultants involved in these projects are also welcome.

Application period

15 April – 15 July 2015

Request application documents

You can do this in one of two ways:

Download them directly from the internet at www.EnergyEfficiencyAward.de/en or submit an email request by sending an informal message to info@EnergyEfficiencyAward.de.

Put together a project description

In order for us to be able to assess your project, we ask that you specify a few key figures such as electricity and fuel consumption, savings realised or the investments made. Please take these key figures from the application documents.

Submit your application

Please submit your completed application documents via the online form at www.EnergyEfficiencyAward.de/en or email the completed competition documents to info@EnergyEfficiencyAward.de.

Announcement of the nominees

30 September 2015

Presentation of the Energy Efficiency Award 2015

16 November 2015

Do you have any questions? We will be happy to help you submit your application:
